Select the feature you wish to deauthorize and specify the number of licenses to be removed, then click **Next**

lease select which features you w	ould like to deaut	thorize:	
Feature	Version	Expires	No. of Licenses
ArcGIS Pro Advanced	1.2-2.5	7/31/2020	2
Select/Deselect All			

Click Save to generate the deauthorize.txt file and save it to a location of your choice

ontware Authorization wizard	
Email Deauthorization	
Click Save to save your deauthorization information to disk, then choose one of the below to finish the deauthorization process.	options
Save	
 Upload the deauthorization information file to the My Earl website (recommended) <u>https://my.earl.com/#/activations/secure.ste</u> and follow the instructions displayed to 	: Sign into here.
2. Email the deauthorization information file to: authorize@earl.com	
Ean will email your deauthorization file to:	
eobnen@esnaustralia.com.au	
Once you receive your deauthorization file, start the ArcGIS Administrator again, clici Deauthorize button.	k on the
Select "I have received a deauthorization file from Esti and am now ready to finish th deauthorization process.", and follow the instructions on the screen.	e
< Back Emish	Cancel

From a device connected to the Internet, log in to My Esri. **NOTE:** The account must have minimum permissions to make licencing changes

Navigate to My Organization > Additional Licensing Forms > Secure Site Operations

Using the **Choose File** button, browse to the **deauthorize.txt** file you created earlier and click **Upload**

Your secure deauthorization file will download and will appear at the bottom left-hand side of your web browser.

Click on the file and allow it to run and make changes to your machine when prompted.

You will be returned to the software deauthorization screen and your file automatically referenced.

Authorization Options You must authorize the license server prior to use. Select f	rom the options below	
Authorization Options		
O I need to authorize licenses on my license server.		
O I have already authorized core licenses and need to authority	orize additional extensions.	
I have received an authorization file and am now ready to process.	finish the authorization
